Dear Bellefontaine Middle School Parents and Students,

As principal of Bellefontaine Middle School, it is my pleasure to welcome everyone back for the 2018-2019 school year. We are excited to have students back in our classrooms and hallways, filling the spaces with their enthusiasm for learning. It is our mission to create a supportive environment where everyone works together to engage and create critical thinkers. Bellefontaine Middle School teachers utilize research based practices and analyze data to determine individual skill levels and set goals for growth and improvement. It is during the middle school years where students learn the necessary skills and behaviors that will prepare them for high school which will ultimately help them meet the demands for meaningful careers and effective citizenship.
